

Revotronics-2022

Paper Presentation

A paper presentation is a technical festival or event where you must share your opinions on a specific issue after conducting some study.

Topics for Paper Presentation:

- 5G wireless technology
- Electric vehicle
- AIML
- Renewable energy
- Blockchain Technology
- Augmented Reality
- BioChips
- A study of MEMS-Based Micro Electro Discharge Machinery and Applications to Micromanufacturing
- Embedded System
- Bio-Computers
- Data Mining
- Nanotechnology

Rules and Regulations

1. Your work must adhere to the format requirements and be original.
2. Only the.PPT or.PPTX format is accepted.
3. All engineering students are eligible to enter the competition.
4. The chosen teams must bring a soft copy of a paper in a USB device and a hard copy of paper.
5. The decision of the judges and the event coordinators must be considered final, binding on all parties, and unchallengeable.
7. Plagiarism is not allowed.
8. Participants must bring their college identification card.

9. Interested candidates can get in touch with the faculty or student organisers for any clarifications or more information.

10. The jury's verdict will be the final word.

11. The contest's regulations are subject to change at any time, and the organisers will do their utmost to notify participants of any changes. However, it is ultimately the teams' job to stay informed.

Presentation Rules:

1. Each team will get five minutes to present their presentation. And the judges will have two minutes to ask questions.

2. Only MS-PowerPoint (ppt) will be accepted for the presentation format of the participants' papers.

3. A paper may be rejected for violating any rule.

4. Selected teams should save their ppts in the below mentioned format only - **TeamID_TeamName**. TeamID will be given to you in the shortlist email.

Team Formation:

1. The team size must not exceed 3 people.

2. Nobody is allowed to be a part of more than one team.

3. Students from different colleges are allowed to form teams.

About The Event:

1. The event consists of two rounds. The first round is an elimination round where the jury members will be evaluating the paper which you have submitted to us.

2. The shortlisted students will be presenting their papers in front of the judges in offline mode.

3. Based on your presentation the jury members will evaluate and declare the winners.

Important Dates:

Last date for paper Submission: 02/11/2022
